

## PRINTING ROW GETS INTO COURT

D. E. Kelly of Telegram Brings Suit to Restrain County Commissioners.

## ATTACKS TWO LOWER BIDS

OFFICIALS ARE STOCKHOLDERS IN REPUBLICAN DAILY.

D. E. Kelly, manager of the Evening Telegram, started a suit in the district court yesterday to restrain the county commissioners from awarding the contract for printing the notice of sale of property upon which taxes are delinquent. Mr. Kelly's complaint does not state that he is connected with the Telegram. It merely states that he is a resident and a taxpayer of Salt Lake county.

Two bids were lower than that of the Telegram, but Mr. Kelly, in his complaint, alleges that both were illegal. He objects to the lowest bid, that of the Republican, on the ground that the commissioners and County Clerk J. H. Eldredge, Jr., are stockholders in that paper. To award a contract to a paper in which they are financially interested, he contends, is contrary to law.

### Attacks Bid of News.

Even were the bid of the Republican declared illegal, however, the bid of the Desert News is still lower than that of the Telegram. To meet this contingency, Mr. Kelly alleges in his complaint that the News' bid is illegal because it was received by telephone after the other bids were opened.

Judge Morse, upon Mr. Kelly's application, signed a temporary restraining order, and made it returnable at 10 o'clock this morning. Harrington & Sanford appear as Mr. Kelly's attorneys.

### Contract Not Awarded.

The board of county commissioners were to have met at 3 o'clock yesterday afternoon to award the contract, but none of them appeared. The injunction had not been signed at that hour. Commissioner Mackay is anxious to give the contract to the Desert News, regardless of the Republican's bid, while County Clerk Eldredge declares that his minutes of the meeting Wednesday show that the contract was actually awarded to the Republican. Mr. Eldredge denied emphatically yesterday that he is a stockholder in the Republican.

### DECREE IS MODIFIED.

Troubles of the Eggen Family Are Again Aired in District Court.

Judge Morse yesterday modified the decree in the divorce case of Meelje Eggen vs. John Eggen. This was done after a lengthy hearing. The original decree gave the four children to the mother's custody. A short time ago Eggen asked to have the children given to him on the allegation that the mother had been guilty of immoral acts with John Kooyman, who is now in the county jail on a charge of arson. It was alleged that she accompanied Kooyman to San Francisco. Judge Morse declined to find Mrs. Eggen guilty of acts charged, but decided to give the two older children to the father and the two younger to the mother. The couple were divorced last November.

### ACCUSES HIS WIFE.

Otho Talbott Says Spouse Did Many Wrong Things in Colorado.

Otho R. Talbott began suit yesterday for a divorce from Amy Talbott on the ground of infidelity. They were married at Glenwood Springs, Colo., June 22, 1890. In 1903, he alleges, his wife consorted continually with one James Carpenter, while he, her husband, was working at night. He accuses her of acts of infidelity with Carpenter and an unknown man, and of frequenting saloons, wineries and other dissipated resorts.

### Court Notes.

G. A. Newkirk yesterday brought suit against Lillian D. Deisher, administratrix of the estate of Nathaniel J. Deisher, deceased, to recover \$16,189.65, which, he alleges, he advanced to the deceased in his lifetime.

Alfred Bell yesterday sued the Utah Light & Railway company for \$500 damages for alleged personal injuries. He claims that he was thrown from a car on Main street between Fourth and Fifth South streets on September 5 last, and that in the fall, he sustained injuries to his head which have destroyed entirely his sense of smell.

The jury in the case of Louis D. Paul vs. the Salt Lake City Railway company yesterday returned a verdict for the defendant. Plaintiff sued to recover \$5,182.50 damages for alleged personal injuries which she claimed to have sustained in an accident at Sixth and K streets on November 16, 1900. The case had been tried once before.

## BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

## SENIORS HAVE BIG PLANS

High School Class of 1906 Intend to Make Their Graduating Exercises Memorable.

The seniors of the High school began practicing yesterday afternoon on their commencement programme, which will be given at the close of the school year in the Salt Lake theatre. As class days have been abolished, the class is putting forth all its efforts on an elaborate commencement, and the graduates this year intend to far surpass the exercises given by any previous class.

The entertainment will take the form of a play patterned after one of Milton's masterpieces, but showing that has been accomplished in the four years of High school. The play is in two acts and is in blank verse. H. L. A. Culmer, who has supervised several local theatrical productions, is going to stage the play, and Mrs. W. A. Wetzel has charge of the music.

After the play the usual commencement programme will be carried out. This part of the evening will be characterized by some fancy marches and drills. There will be seventy-six who will take part in these exercises, which is the largest class that ever left the High school. The committee which has the programme in charge consists of Florence Culmer, Jennie Gray, Blanche Kidder, Eleanor Prout, Francis Critchlow, Frank King, Monte Elliott and Dorris Raybould. The belated class pins arrived yesterday. The order for these pins was sent last September, and in January an imperfect set arrived. These were immediately returned. The seniors finally received their pins yesterday. The class pin is neat in appearance. It is gold and blue, diamond-shaped, and bears the letters "S. L. H. S." with the class numerals "06."

## PLAN TO PARK MANY STREETS

Civic Improvement League Pushing Scheme to Beautify the City.

### SHOULD ATTRACT TOURISTS

PEOPLE IN SALT LAKE SETTLING DOWN TO BUSINESS.

Salt Lake is settling down to a normal condition once more after more than a week of high tension as the result of the earthquake at San Francisco, and citizens are beginning to concentrate their thoughts upon the business and civic improvement needs of the city. The Civic improvement league will hold a meeting in the near future at which the question of street paving and other improvements will be discussed. Street improvements is a subject of great interest at present, and in this connection the question of parking certain streets in the residence section is attracting more general interest than at any time since the subject was broached. Jay T. Harris of the league said yesterday that when the people of Salt Lake realize what the parking of streets will mean for the city from the standpoint of beauty, there will arise a general demand that this work be done by the city as speedily as possible.

### Plans for Street Parking.

George M. Bacon has drawn plans for the parking of streets that seem to meet with the general approval of the members of the league. His idea is to create a grass plot in the center of the streets through which the street car tracks would run. On each side of the plot will be the sidewalks and the sidewalks will be paved with macadam. This plan includes the parking between the sidewalks and the lot lines and the sidewalks and the street curbs. No exercise of imagination is necessary to conjure up in one's mind the beautiful appearance of the streets would present were this scheme to be carried out.

### Should Attract Tourists.

"Salt Lake has always been a city for tourists to visit, but each year the tourist travel has increased," said Mr. Harris. "We should do all we can to add to the attractiveness of our already beautiful city for the purpose of inducing travelers to spend more time here. This city is now on a direct route from the east to Los Angeles, and, of course, more tourists are coming here each year. What we should do is to create a city so beautiful that travelers will come here from all quarters of the United States to spend the summer. While we are working for a greater Salt Lake in a commercial way, let us also put our shoulders to the wheel and work for a more beautiful city."

The views of Mr. Harris are endorsed by other members of the league as well as by many prominent citizens. The league will endeavor to get this matter in some shape so as to start an active campaign to bring about the work in view.

### GO TO OGDEN SUNDAY, April 29th.

## DR. COOK'S SCIENTIFIC, CERTAIN AND COMPLETE CURE FOR

Weak, Nervous, Restless at Night, and Weak, Aching Back, Diseased Kidneys, Inflamed Prostate, Despondent, Lack of Energy, Ambition and Strength, Poor Memory, Hollowed Eyes.

An endless number of men have one or more of the above symptoms and drag from day to day in despair, and wait they may for if neglected their health is sure to be wrecked by a complete loss of physical, mental and sexual power.

My method completely and permanently revives manhood after cure-all remedies and quackcure specialists fail to even benefit.

My scientific, systematic course of treatment for weak, nervous, brokendown youths and men, who have, through folly, dissipation and excesses, unfitted themselves for work and the enjoyment of life is a system that has been tested many times over and proven entirely satisfactory in every case. It is totally different from the many sickening pills and tablets, and the stimulating, stomach-ruling drugs given by would-be specialists. My specific treatment for all the symptoms indicating falling manhood is harmless though so effective as to remove them immediately. It is constitutional; therefore, by purifying and enriching the blood, strengthening the nervous system, and restoring the use, the patient becomes strong and healthy with all signs of trouble forever gone. The treatment is to the human system what the sap is to the tree—it buds energy, ambition and confidence that lead into prime, healthy, vigorous feeling of new life.

I treat and cure all such pelvic diseases as PILES, FISTULA, RUPTURE, VARICOCELE, HYDROCELE, BLOOD POISON, SKIN DISEASES, BLADDER AND PROSTATE. My method of treating these diseases has proven so successful that I guarantee a permanent cure in every case accepted, and contract by a written instrument to produce permanent and satisfactory results or refund money.
